In accordance with Rule 41 of the General Medical Council (Fitness to Practise) Rules 2004 the hearing was held partly in public and partly in private.

Protecting the Public

Throughout the decision making process the tribunal has borne in mind the statutory duty as set out in s1(1) of the Medical Act 1983 (the 1983 Act) to protect the public. The tribunal has considered the relevance and impact on each of the three distinct parts of public protection to protect, promote and maintain the health, safety and well-being of the public, to promote and maintain public confidence in the medical profession, and to promote and maintain proper professional standards and conduct for members of that profession.

The Tribunal adjourned this hearing.

The substantive matters will be relisted to be considered before a newly constituted tribunal. At the conclusion of the relisted substantive hearing, the MPTS will review whether a publishable version of the Tribunal's decisions at this hearing can be published.
