Revised Sanctions guidance

Dear Associates

As you may be aware from our updates at training sessions the Sanctions guidance is currently having a full review. In the interim there are to be some minor changes.

These changes will come into effect on 18 November 2019 but the revisions have been published today and can be found here.

The changes include:

- Revision of the foreword
- Amendments to the sections regarding statements from responsible officers (para 57-59)
- Amendments to terminology to more closely reflect external guidance or legislation (para 43, 152)

Updated copies of the guidance will be placed in all hearing rooms.

If you have any questions please contact us.

Kind regards
Tribunal Development Section
